[Whale watch in the Kimberley – and save 15% on Orion](#)

Late July and August is the prime time to see migrating whales in the Kimberley – and what better way to see the largest Humpback whale population in the world as they head north from the Antarctic to rest and calve than from onboard the luxury expedition cruise ship, Orion?

Limited space remains for some of Orion's 10 night Kimberley Expedition Kimberley voyages in 2009. Take in the highlights between Darwin and Broome, including visits to mighty King George Falls, the dramatic Horizontal Waterfalls, Montgomery Reef and the spectacular ancient indigenous rock artwork of Bigge Island – plus the chance to see whales breaching, tail slapping and blowing.

Kimberley Expedition – Select from 5 voyages between 22 July and 31 August 2009:10 nights. Darwin/Broome and v.v. typically including King George River and Falls, Vansittart Bay, Bigge Island, Hunter River (for Mitchell Falls), Montgomery Reef and Raft Point, Talbot Bay/Horizontal Waterfalls, Cape Leveque, the Lacepedes – refer to specific itineraries for details.
